## Elevate your look: Luxury and Calm

### Intro

# Get the care you need and the trip you deserve

### *About the destination*

The capital, Bogotá, is a vibrant metropolis known for its cultural heritage and bustling urban life, while Medellín, often referred to as the "City of Eternal Spring," offers a mild climate and stunning views of surrounding valleys.

The country's diverse geography ranges from tropical rainforests and cloud forests to vast plains and snow-capped peaks, providing a stunning backdrop for a wide variety of outdoor activities. Colombian coffee, one of the best in the world, is just one example of the nation's rich agricultural produce, which includes exotic fruits, fresh seafood, and traditional dishes like arepas, empanadas, and bandeja paisa.

In addition to its natural beauty and vibrant culture, Colombia has emerged as a leading destination for medical tourism, offering state-of-the-art medical facilities and expert practitioners in fields ranging from cosmetic surgery to advanced treatments. With its welcoming people, rich traditions, and modern infrastructure, Colombia is increasingly becoming a top choice for those seeking adventure, wellness, and an authentic South American experience.

# Get the care you need and the trip you deserve

## *About the Doctor*

**Dr. Johnatan Guevarra**

**Board-Certified Plastic Surgeon**

Dr. Johnatan is a highly respected and experienced plastic surgeon based in Colombia. A proud member of both the American Society of Plastic Surgeons (ASPS) and the Colombian Society of Plastic Surgery (SCCP), he upholds the highest standards of surgical excellence and patient safety.

With over 5,000 successful procedures performed, Dr. Johnatan has built a solid reputation for delivering natural-looking results tailored to each patient's unique goals. His surgical expertise spans a wide range of aesthetic procedures, with a focus on:

- **Abdominoplasty (Tummy Tuck)** – Designed to sculpt and flatten the abdominal area by removing excess fat and skin while tightening underlying muscles.
- **Rhinoplasty (Nose Reshaping Surgery)** – Enhancing facial harmony and breathing function by reshaping the nose's structure.
- **Gluteoplasty (Butt Lift/Augmentation)** – Contouring and enhancing the buttocks using fat transfer (Brazilian Butt Lift) or implants for a fuller, more lifted appearance.

Dr. Johnatan's approach combines advanced surgical techniques with a deep understanding of facial and body aesthetics. Patients from around the world seek his expertise not only for his skill but also for his personalized care and commitment to delivering transformative yet natural-looking results.

Whether you are seeking a subtle enhancement or a more dramatic transformation, Dr. Johnatan offers a comprehensive consultation process to ensure your aesthetic vision becomes a reality—with safety, precision, and artistry at the core of every procedure.

# Travel Itinerary

**The focus of this package is luxury. Most plastic surgery requires the patient to have period of rest of no less than 14 days. When receiving medical care or procedures in Bogota (our recommend destination for plastic Surgery), it is advisable to arrive up 3 days prior in order to acclimatize your self to Bogota's altitude.**

**Given these considerations we have decided to focus on the quality of your stay rather than travel options.**

**In this package you will be presented with the best hotels and spa's available in Bogota, you simply need to select the options you feel are best suited for you.**

**During your stay we will arrange reservation in the top restaurants available in Bogota. Short distance tours will be available so you can get to know the city.**

**Having a cosmetic procedure can be tiring, often the most important thing is your recovery. This package focuses on making sure that is all you have to think about. Everything else will be smooth sailing.**

# Travel Itinerary

## Day 1

You will then be taken to your accommodation to check in and unpack. Once you are comfortably installed in your hotel you will be taken for a welcome dinner.

In the first day it is recommended that you rest and relax before your procedure.

## Day 2

After breakfast and you will be met by your travel specialist and be given an orientation. This where you can ask your travel specialist questions about your trip and make any special requests.

You will then be taken to meet with your doctor so they can deliver your medical orientation. This will be your opportunity to ask question or make special requests with your doctor. Be aware that prior to arriving in Colombia you will have met with your doctor virtually.

## Days 3 & 4

Days three and four are orientated around your procedures. As a precaution we always allow a 48 hour window for your procedures. The most likely outcome is that day 4 will be your recovery day. Your travel specialist and driver will be on call as needed throughout the day. During the two days we recommenced rest and relaxation when you are not engaged in your procedures

# Travel Itinerary

## Day 5

Your spa day. You will be picked up at your hotel by your driver and travel specialist at 10:00am. From there you will be taken to a spa of your choosing (we will have presented several options). You will be given specialized treatments in order to aide your recovery and help promote the best esthetic outcome for your procedure.

## Day 6, 7, 8, 9 & 10

During these days we will be focused on your recovery. This can mean more spa days, it can mean Physiotherapy, or simply resting and going to local restaurants, shopping malls and night life spots.

## Days 11

On day eleven you will be taken to local attractions such as Zipaquira's salt mine cathedral, the historic center and onee of the highest churches in the world Monserate.

## Day 12

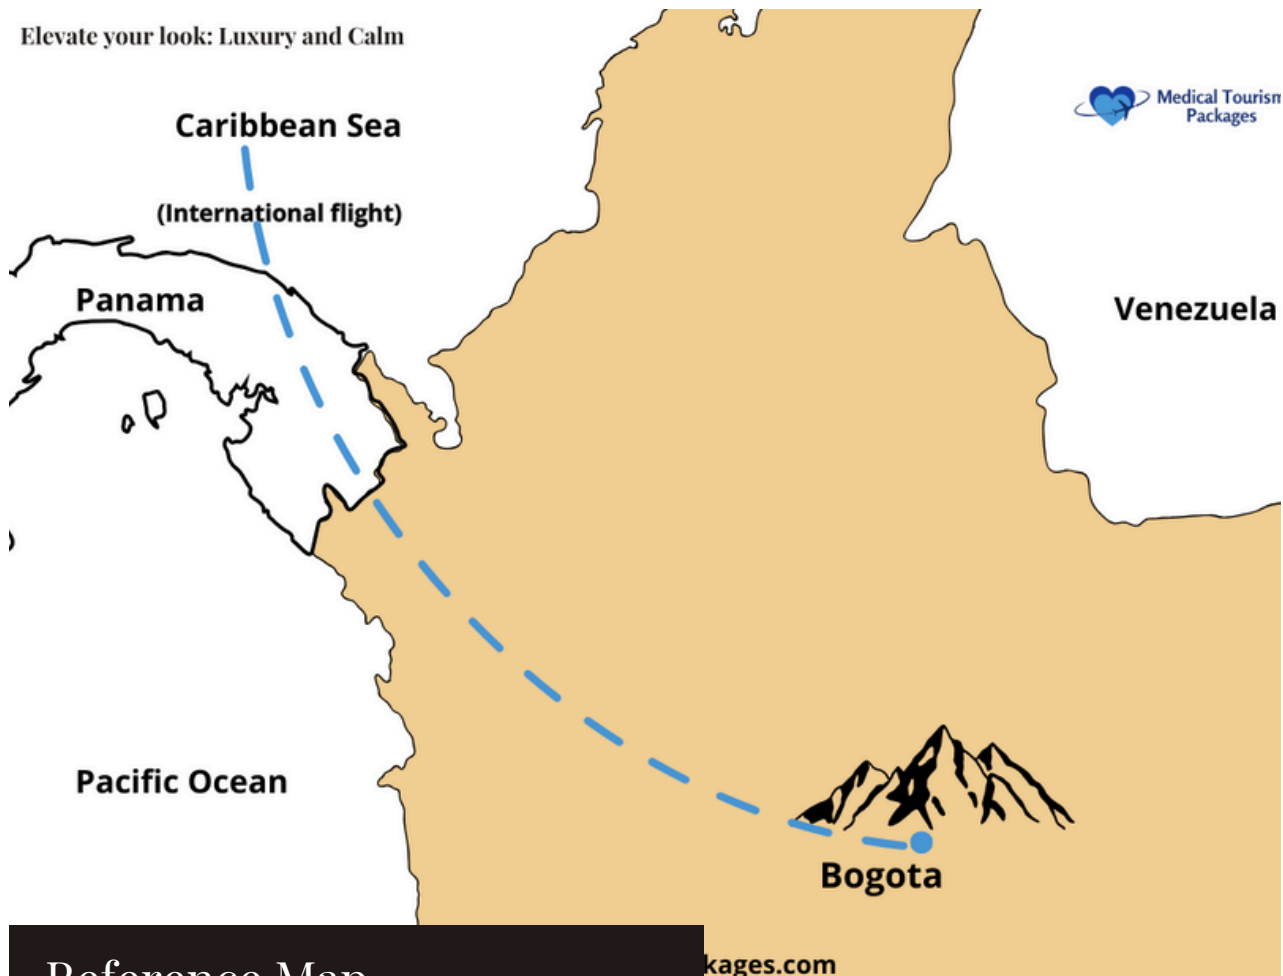

On day twelve you will do a final spa visit, in preparation to meet your doctor and receive your final valuation. That night you will eat at Chato or Leo, both tasting-menu restaurants ranked in the top 10 in Latin America.

# Journey

Elevate your look: Luxury and Calm

## Reference Map

### Day 13

On your pen ultimate day you will visit your doctor. They will evaluate your recovery and give you any final instructions towards your recovery. We recommend an early night before your flight to ensure that you are as rested and ready to travel as humanely possible.

However your driver and travel specialist will be available for any plans you may have.

### Day 14

After breakfast you will be picked up by an MTP representative and driver.

If you have sufficient time before your flight you will be offered the opportunity to do some sight seeing or shopping before you leave.

After this you will be taken to El Dorado Airport and accompanied by the MTP representative until you reach airport security.
